COSC
Skill Up Series

Internship drive

Who we are

CO SC

" **COSC** is an open source focused tech community based in Chaitanya Bharathi Institute of Technology - Hyderabad. We conduct hackathons, bootcamps and workshops to teach students different technologies while promoting open source culture.

Open Source provides students insight into better software and also helps to work on them. We support developing individuals in seeking out and enhancing their skills.

If you are a passionate and committed individual who wants to make a lasting difference, then COSC is the place for your internship.
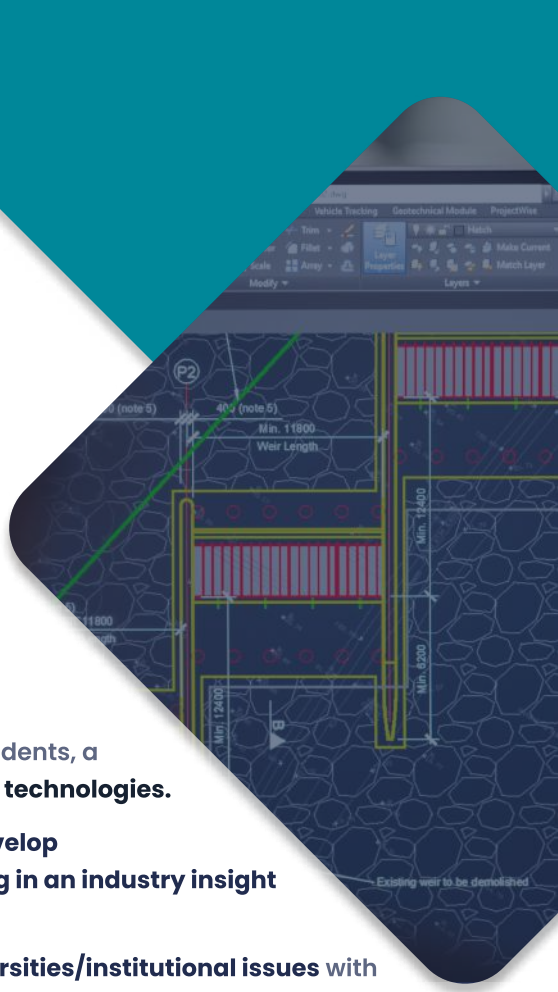

"

Objective
of this programme

- To promote, among participating students, a better understanding of **open source technologies.**

- To offer interns an **opportunity to develop their personal competencies working in an industry insight environment.**

- To provide various **solutions to universities/institutional issues** with the assistance and enthusiasm of outstanding young students studying in a relevant technical field.

Why Apply?

Experience will give you an edge on the competition in today's tough job market beyond working on realtime projects, eveloping an exceptional portfolio and putting your career on the fast track.

What you'll be Doing?

You will gain real-life experience, a strong understanding of the agency environment under continuous guidance from CBIT staff, Alumni and IT Professinals.
